

<i>Feline Ethogram</i>	
Behavior	Definition
<i>INACTIVE</i>	
Standing	Animal is upright with weight supported by legs and not performing another behavior listed.
Sitting	Animal is seated with weight supported on buttocks and not performing another behavior listed.
Lying	Animal is lying with weight supported on side, back, or stomach and not performing another behavior listed.
Other Inactive	Animal is stationary and not engaged in an active behavior listed.
<i>FEED /FORAGE /DRINK</i>	
Foraging	Animal is working to acquire a food item.
Hunting	Species-specific hunting behaviors; if play-like, score as Hunting Play.
Browsing	Animal is stripping/plucking leaves from a branch.
Feeding	Animal is chewing and ingesting food items.
Drinking	Animal is ingesting water.
Other Feeding/Foraging/Drinking	Chewing food, drinking, manipulating food, or searching for food.
<i>LOCOMOTION</i>	
Walking	Animal is walking ≥1 body's length through exhibit.
Running	Animal is running ≥1 body's length through exhibit.
Other Locomotion	Animal is moving ≥1 body's length in non-stereotypical manner.
<i>UNDESIRABLE</i>	
Undesirable	Animal is performing an undesirable behavior, including stereotypic or self-injurious behaviors.
<i>OTHER SOLITARY</i>	
Exploratory Behavior	Inspecting/manipulating environment or vigilance.
General Exploration	Visually inspecting or sniffing substrate non-focused.
Sniffing Air	Inspecting or sniffing air non-focused.
Alert Stare	Fixated on an object in alert posture ≥3 seconds.
Focused Investigation	Actively sniffing/pawing at a specific area within ½ body's length.
Object Manipulation	Moving a non-fixed object (if food, count as Feed).
Digging	Repeated excavating substrate with body/limbs.
Self-maintenance/Comfort	Comfort behaviors: stretching, yawning, rolling, wallowing, rubbing.
Scratching	Rapid, repetitive self-scratching.
Self-grooming/Preening	Slow, deliberate self-grooming.
Rolling	Animal rolling on substrate.
Stretching/Wing-flapping	Non-goal-directed extension/flexion of body.
Scent marking	Marking area using urine, feces, glandular secretions.
Feet Scraping	Repeatedly kicking substrate behind animal following scent mark.
Object Clawing	Clawing object, often precedes scent marking.
Object Rubbing (marking)	Rubbing scent glands on substrate.
Solitary Play	Repetitive play without clear functional benefit.
Hunting Play	Playful stalking, pouncing on objects.
Object Play	Interacting with object playfully.
Motor Play	Playful movement around exhibit.
Elimination	Excretion of waste non-scent marking.
Urinating	Urination non-scent marking.
Defecating	Defecation non-scent marking.
Vomiting/Regurgitating	Ejecting stomach contents then possibly reingesting.
Keeper Interaction	Interacting with keepers: feeding, play, handling.
Keeper Interaction - Training	Performing trained behaviors in session.
Keeper Interaction - Casual	Informal keeper interaction: hand-feeding, play, inspection.
Public Interaction	Soliciting/responding to public behaviors.
Vocalization	Producing sounds for communication.
Startle	Vocalize/freeze→flight→freeze/scan.
Other Solitary	Any other solitary behavior not listed.
<i>SOCIAL</i>	
Social Grooming/Allopreening	Affiliative grooming of another.
Social Playing	Play interactions with another.
Greeting	Species-typical greeting behavior.
Huddling	Body contact with another.
Other Affiliative Behavior	Any non-sexual affiliative behavior.
Courtship	Species-specific courtship.
Mounting	Mounting another (intromission optional).
Ano-genital Investigation	Sniffing ano-genital region of another.
Urine/Feces Investigation	Sniffing/tasting another's excreta.
Other Reproductive	Other sexual behaviors (note initiator/recipient).
Contact Aggression	Physical attacks: biting, batting, kicking.
Non-contact Aggression	Threat displays or chasing without contact.
Threat Display	Teeth baring, lunging, snarling threats.
Chasing	Aggressively pursuing another.
Displacement	Approach causing recipient to move away.
Food Steal	Forceful food grab dominance style.
Submission	Crouching, fleeing, trembling in response to another.
Other Agonistic Behavior	Any other dominance/aggressive behavior.
<i>OTHER</i>	
Other	Any behavior not listed (add comment).
<i>NOT VISIBLE</i>	
Behavior Obscured	Behavior cannot be determined but location known.
Animal Not Visible	Animal completely not visible; location unknown.
